

## Guidelines for series approval of products for **Dimmers for LED Products**

<b>Basic Configuration</b>	<b>Grouping as one series provided product has</b>
Dimmers for LED Products	<ul style="list-style-type: none"><li>• Same input voltage.</li><li>• Same class of construction.</li><li>• Power Transformer: Same design and insulation system.</li><li>• Same enclosure material except for differences of decorative parts.</li><li>• Same mains PCB design and layout.</li><li>• Same IP Rating.</li></ul>

### **Guidelines for Quantitative Selection of Samples**

- A series may consist of 10 models.
- Unless specified otherwise, one sample may be tested for each series.
- In any of the above consideration, worst case configuration from Safety Design perspective must be selected for testing.
