Guidelines for series approval of products for Point of sale Terminals

Product	Grouping as one series, Provided
Point of sale Terminals	 Same rated input voltage Same rated current / wattage Same class of construction Same degree of ingress protection Same mains PCB design and layout Same type of battery and capacity (if applicable)

Guidelines for Quantitative Selection of Samples

- A series may consist of 10 models.
- Unless specified otherwise, one sample may be tested for each series.
- In any of the above consideration, worst case configuration from Safety Design perspective must be selected for testing.
