

**Guidelines for series approval of products for
USB Type External Solid State Storage Devices**

Product	Up to a range of current rating will be accommodated in the series, provided
USB Type External Solid State Storage Devices (above 256 GB capacity)	<ul style="list-style-type: none">• Same SSD form factor• Same rated input voltage• Same Enclosure except for differences of decoration parts• Same IP rating• Same PCB design

Guidelines for Quantitative Selection of Samples

- A series may consist of 10 models.
- Unless specified otherwise, one sample may be tested for each series.
- In any of the above consideration, worst case configuration from Safety Design perspective must be selected for testing.
